PROFILE

Multidisciplinary visual designer and game designer with a BFA in Applied Arts and professional experience in 2D animation, illustration and visual storytelling. Currently pursuing Digital Game Design at NID Bengaluru, with a growing focus on technical art and interactive experiences. A creative, outgoing and collaborative individual with strengths in team leadership, communication and event coordination. Work exhibited at Science Gallery Bengaluru.

EDUCATION

Master of Design (M.Des), Digital Game Design, NID Bengaluru
National Institute of Design · 2025 — Present

Bachelor of Fine Arts (BFA), Applied Arts, University of Delhi
College of Art · Graduated 2021

Higher Secondary Education
Vidyanagar Bengali Senior Secondary School

WORK EXPERIENCE

Media Visualizer at NIIT
October 2021 — February 2023

- Turned scripts and creative briefs into storyboards and visual narratives.
- Created 2D animations, character rigs and motion-based visual content.
- Worked across the full pipeline, from script to final animation, with multidisciplinary teams on international corporate projects.

Co-Founder & Creative Educator, Fine Arts Studio (MSME-registered)
[Location] · [Year] — Present

- Co-established a fine arts learning studio with my father during the COVID-19 pandemic.
- Taught and mentored students from across India and abroad.
- Delivered creative instruction and contributed to studio operations and management.
